Safety*

10 REASONS TO INVEST IN ROBOTS

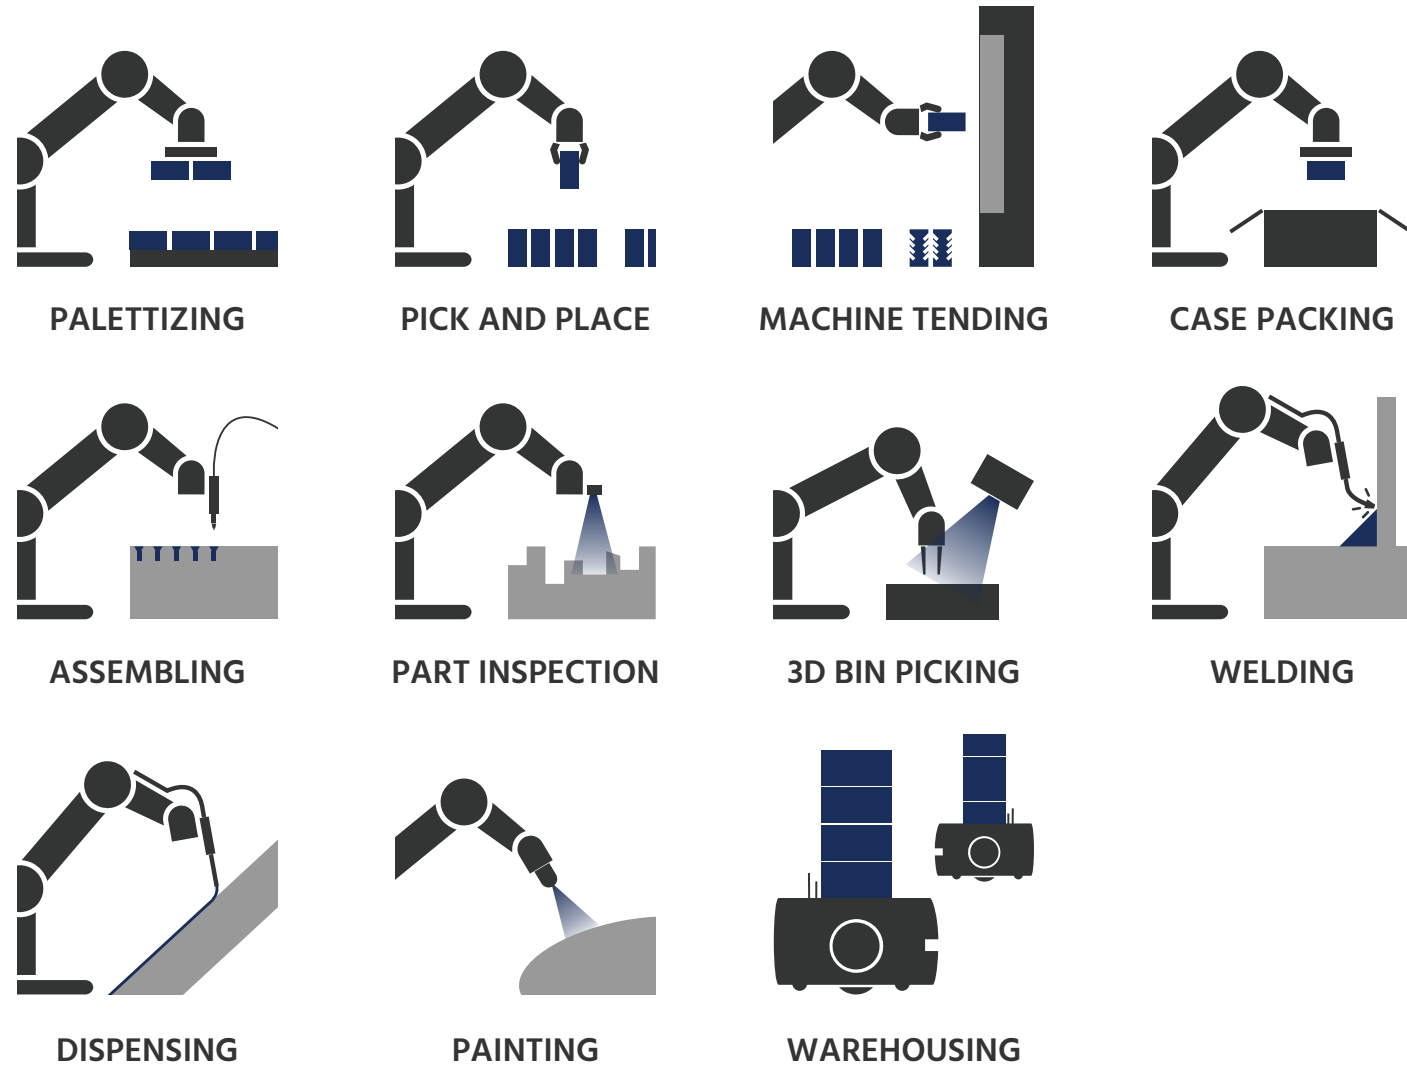

- 1 Reduced operating costs.
- 2 Reduced capital costs.
- 3 Improved product quality and consistency.
- 4 Improved quality of work for employees.
- 5 Increased production output rates.
- 6 Increased product manufacturing flexibility.
- 7 Reduced material waste and increased yield.
- 8 Improved workplace health and safety.
- 9 Reduced labour turnover and difficulty of recruiting workers.
- 10 Save space in high value manufacturing areas.

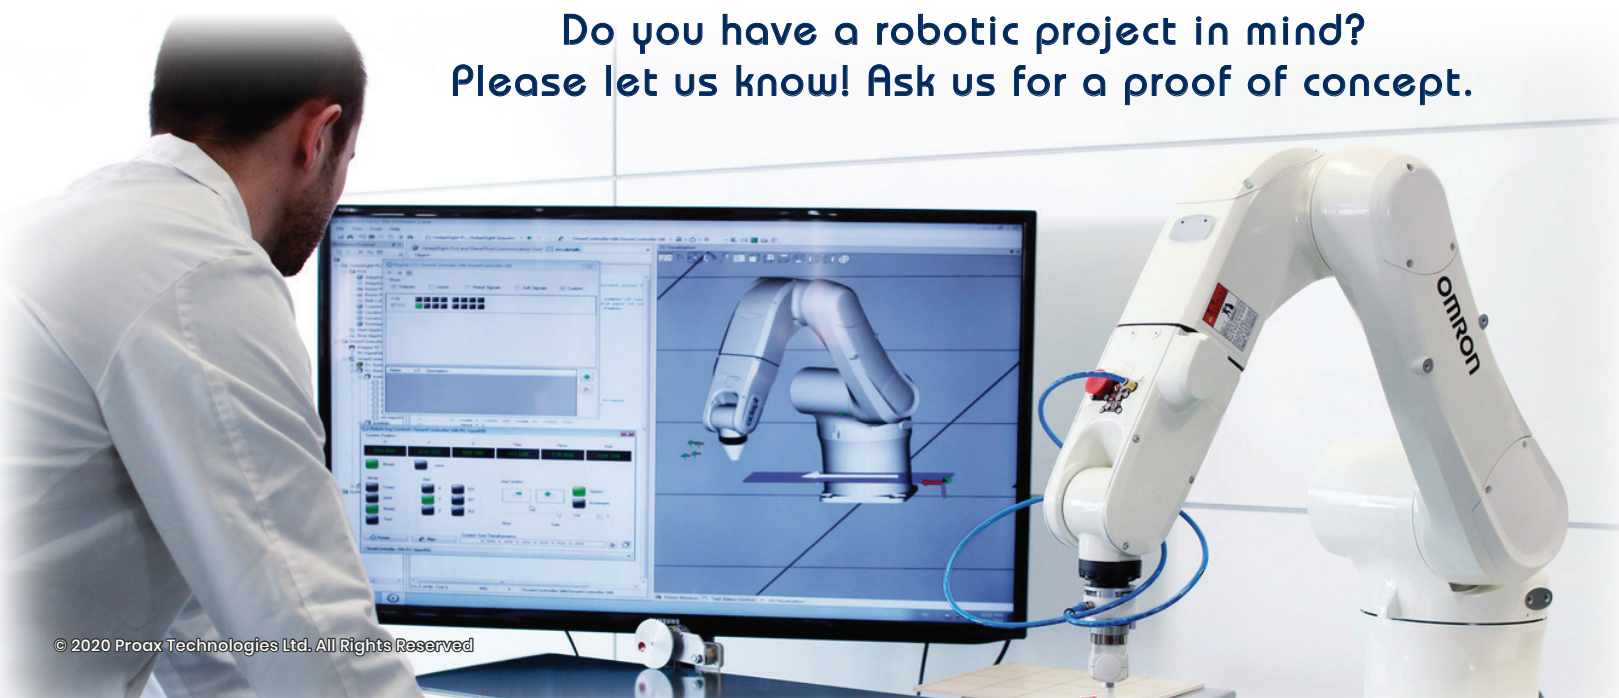

REASONS TO WORK WITH PROAX

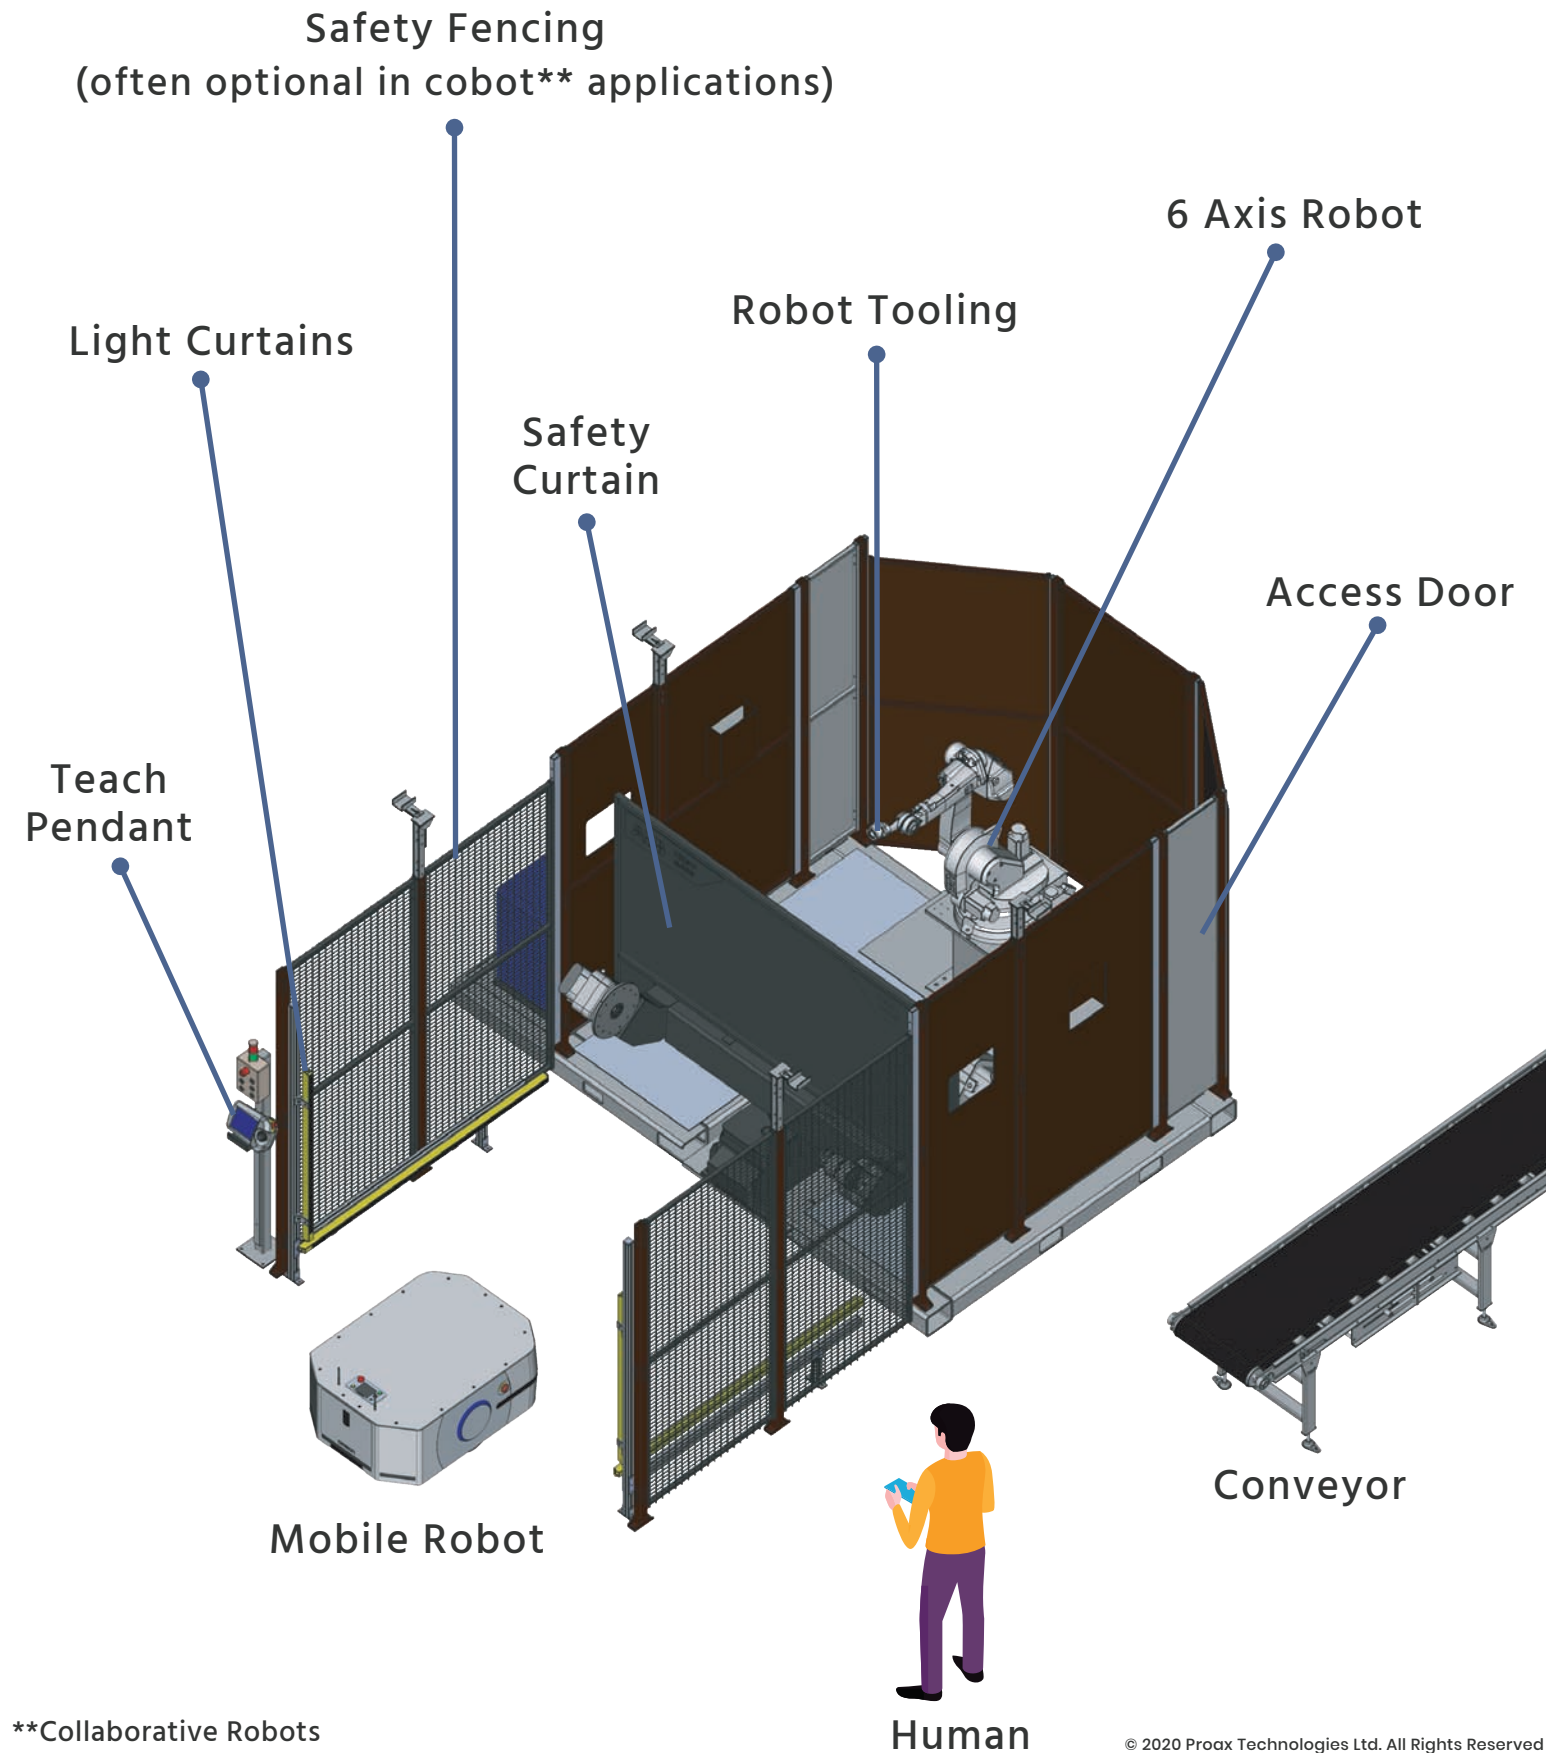

ROBOTIC APPLICATIONS

Do you have a robotic project in mind?
Please let us know! Ask us for a proof of concept.

ROBOT CELL SOLUTION

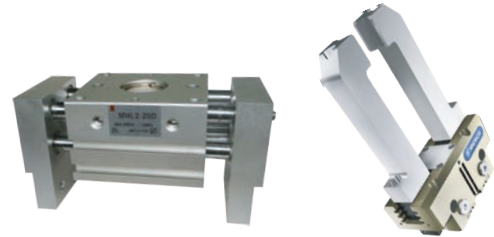

**Collaborative Robots

VALUE ADDED ACCESSORIES

1 — HARD GRIPPERS

- 2 and 3 finger configuration of classic grippers.

2 — SOFT GRIPPERS

- Ideal for delicate products like vegetables, bread and pastries.
- Approved for direct contact with raw meats: pork, fish, etc...

3 — ROBOTIC SAFETY CELL

- Custom manufactured to your specifications.
- Built to current robot standard (CSA Z434-14).
- Integration to your PLC platform.
